Integrated Payment Solutions

Salesforce, Sage and Oracle

As a Salesforce ISV partner, we are one of the few companies with the expertise to integrate your customer Direct Debits and card payments directly into Salesforce, Sage or Oracle via Sagepay, Cardstream or Paypal.

Our bespoke solutions are tailored to meet your specific requirements and can come with several optional features including:

- An e-commerce interface
- Managed subscriptions
- Shopping cart facility
- Service-based account payments

We support international payment methods including SEPA (Single Euro Payments Area) and for customers in the US, we offer card payment processing using US payment gateways.

Customer Testimonials

"SmarterPay was easy to implement and intuitive for the end-user and was exactly what we were looking for"

Steven Cook, Jackson

"Everyone was so helpful and really listened to what we needed. It was great not to be shoehorned into an existing solution or pressured to spend money on additional functionality"

Maggi Lanton, Aquaid

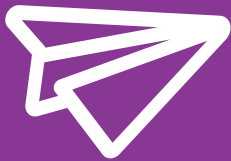

"The team handled a very complicated brief with absolute confidence and delivered exactly what we asked of them and even improved significantly on the box office function we had initially commissioned. It was a genuine pleasure to work with them"

Andrea Smart, Yorkshire Dance
