

Integrated Payments

Send and receive payments with ease

Our traditional On Premise solution supports direct Bacs submissions or bureau operations whilst our Cloud solution also includes an open API to integrate Direct Debits and card payments into your CRM or accounts package.

SmarterPay payment solutions

SmarterPay offers Bacs-approved payment solutions that help you organise, manage and automate your electronic business payments. Integrating directly with your accounts or payroll software, we can enable you to process Direct Debit instructions to collect customer payments and pay your staff and suppliers using Direct Credits.

Key solution benefits

Visibility

Full transparency of fund transfers with instant payment status updates.

Audit trail

Full audit trail and reporting options to track user actions and received payments.

Submit Bacs payments

Set up Direct Debits to collect payments and pay staff and suppliers using Direct Credit.

Automated

Dispense with manual payments and automate your BACS submissions.

Bureau

Send and collect payments on behalf of your customers and other third parties.

Secure payments

Protected using industry-standard encryption and digital signatures.

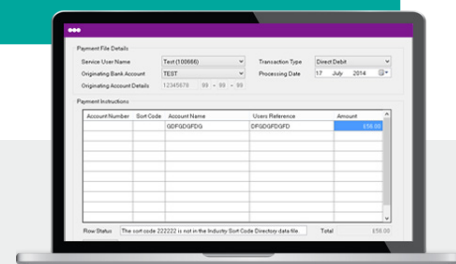

“SmarterPay On Premise was easy to implement and intuitive for the end-user and was exactly what we were looking for.”

Steven Cook, Jackson Ltd
