

DESK/5000

Fixed counter-top terminal

User-friendly and compact our fixed location terminal features powerful multimedia capabilities, a large 3.5 inch touchscreen and an internal PIN pad, helping you serve customers quickly and efficiently.

The DESK/5000 is ideal for at-the-counter payments and supports all major card types and payment methods. Add the LANE/3000 PIN pad for an enhanced customer experience.

Transaction processing speed

Transactions run smoothly thanks to an efficient processor and capacious memory. Allowing fast transactions speeds via Internet Protocol (IP) comms.

Efficient printing

With an integrated 20-line per second thermal printer, receipts print instantly, paper doesn't jam, and the roll is easy to change.

Payment choice

- All major card types supported
- Ways to pay include contactless, Chip & PIN and mobile wallets such as Apple Pay, Samsung Pay and Google Pay™

Other key features

- Ongoing product enhancements and features being delivered by Elavon
- All of the benefits of semi-integration with existing POS systems via Elavon's Smartlink
- Add value by offering more with Elavon Gift Card, Dynamic Currency Conversion and Tax Free Shopping

Enhanced security

- State-of-the-art security features to protect customer card data and meet the highest security standards – PCI-PTS v5 certification
- End-to-end encryption available
- P2PE accredited solution, a part of Secured by Elavon's security products and services

LANE/3000 PIN pad

This terminal PIN pad can either be connected to the DESK/5000 terminal or integrated easily into your existing ePOS solution.

The LANE/3000 supports all major card types and payments methods as detailed above as well as offering the same enhanced security features.

Comfortable and easy to use

It's large, high-res 3.5 inch colour display and back-lit keyboard with large keys, makes it user friendly for all to use.

We make it possible. You make it happen.
